Bottom of Pg 61, continued on the top of Pg 62 ~

ii. Lake Petit Dam. The dam on Lake Petit is over 40 years old, and has known issues that are monitored on a continued basis by POA and state officials. The POA carries \$25M in liability insurance on failure of the dam, and property insurance on the dam of \$2M. The health of the dam continues to need monitoring and any corrective action taken as Big Canoe Property Owners Association – Proprietary Information Page 62 necessary. An emergency evacuation plan should be published and every structure in the path of a catastrophic failure of the dam should be trained in evacuation procedures.
